BUILDING COLLAPSED

A Number of People Killed at Buffalo, N. Y.

ALMOST CRIMINAL CARELESSNESS

The Old Structure Was Propped Up For Repairs, When the Props Suddenly Gave Way and a Score or More People Were Caught in the Trap—Names of the Victims.

BUFFALO, May 22.—Yesterday morning the Seneca street side of the Brown building formerly occupied by the Western Union Telegraph company collapsed and a score or more people were buried in the ruins. The building was filled with offices, almost all of which were occupied. The Western Union left the building a few weeks ago and the owners of the block began the work of remodeling and strengthening it. On the Seneca street side workmen were engaged in putting in black new iron columns and beams when the walls of a section of the building fell in. Iron columns were twisted like wires, heavy wooden beams were torn to pieces like paper, pillars of brick crumbled to pieces and a huge cloud of dust arose, shutting out the wrecked buildings for some moments.

The immediate cause of the collapse of the building is supposed to have been the removal of too many supporting columns before the new ones were placed in position.

Immediately east of the wrecked building was the barber shop of George Sennart. At the time of the collapse there were several customers and 10 workmen in Sennart's shop. The heavy walls of the Brown building crashed into the shop, burying everyone therein.

The list of dead and seriously injured is as follows:

The dead are: George Metz, barber, and Jennie Griffin, cashier in Sennart's barber shop.

Those injured were as follows: George Sennart, proprietor of the wrecked barbershop, hands cut and body bruised.

John C. Langdon, barber, scalp wounds.

Jacob Richmond, barber, internal injuries; may die.

S. I. Hawk, fractured skull; will likely die.

James Adams, back and legs bruised.

Michael O'Brien, sprained back.

Robert Cassler, plumber, badly bruised, internally injured.

Jacob Rickman, bruised and internally injured; may die.

Frank Rickman, badly bruised; serious.

William Kupplinger, internally injured; case serious.

Michael Schultz, workman, internally injured.

Joseph Bonley, plasterer, injured internally; serious.

The building is the property of the estate of one of the Brown Brothers of London and was by him willed to two of his daughters.

PRESIDENT'S VETO.

Mr. Cleveland's Reasons Why Mrs. Rachel Patton Should Not Have a Pension.

WASHINGTON, May 22.—President Cleveland yesterday sent to the house a veto of a bill to pension Rachel Patton, whose husband, John H. Patton, was captain of an Illinois regiment and was killed in 1863. After drawing a pension for 13 years Mrs. Patton was remarried and consequently was dropped from the pension rolls, but afterward secured a divorce on the ground of desertion.

The president says: "It can not be denied that the remarriage of this beneficiary terminated her pensionable relation to the government as completely as if it never existed. The statute which so provides declares what is approved by a fair and sensible consideration of pension principles. As a legal proposition the pensionable status of a soldier's widow lost by her remarriage can not be recovered by the dissolution of the second marriage.

"Waiving, however, the application of strictly legal principles to the subject there does not appear to be any sentiment which should restore to the pension roll as the widow of a deceased soldier a divorced wife who has relinquished the title of a soldier's widow to again become a wife, and who, to secure the expected advantages and comforts of a second marriage has been quite willing to forego the provision which was made for her by the government solely on the ground of her soldier widowhood."

FOUGHT WHEN FOUND GUILTY.

Terrible Scene at the Conviction of Two Murderers.

LONDON, May 22.—The trial of Henry Fowler and Albert Mileson, laborers, charged with the murder of Mr. Henry Smith at Muswell lodge, Muswell hill, on the night of Feb. 13, a case which has attracted much attention resulted yesterday in sentence of death being pronounced upon both men.

At the close of the trial there was a terrible fight in the dock between the two prisoners. Both men are ex-convicts and the crime was committed as the result of a burglarious entry into the residence of Mr. Smith, where the prisoners obtained considerable booty and were subsequently tracked and arrested very cleverly by the police.

CINCINNATI, May 22.—Prince Lief won the Oakley derby yesterday in 2:08 1-4; Ben Eder second, Ben Brush third and Loki fourth.

WIFE MURDERER HANGED.

James DeWitt Legally Executed in Public at Grayson, Ky.

GRAYSON, Ky., May 22.—James DeWitt yesterday paid the penalty on the gallows for the murder of his wife, in the presence of 7,000 spectators. The condemned man spent a night of rest, retiring at 9 o'clock. He arose at 5 and partook of an appetizing breakfast with great relish. The visitors came throughout the morning and he greeted everybody pleasantly and seemed to rather enjoy their calls. He frequently joked with his guards and persons he knew in the crowd.

Promptly at 12:25 Sheriff Castle arrived at the jail, accompanied by 60 deputies and policemen, and the march to the scaffold began. Upon arriving at the scaffold DeWitt made several remarks about its appearance and then ascended to the platform with steady step. The prisoner declined to say anything. At 12:35 the noose was fixed and the drop sprung. At 12:41 the pulse ceased to beat.

Sheriff Jule Plummer of Campbell county accompanied by Detectives McDermott and Crim of Cincinnati were the guests of Sheriff Castle and witnessed the hanging. Sheriff Plummer made a thorough examination of the scaffold and trap and took in all the points.

The crime for which James DeWitt was hanged was the brutal murder of his wife, whom he strangled to death in the woods six miles south of Grayson last November. DeWitt had not been getting along with his wife. At the time of the crime he had been separated from her for some months and a suit was pending for divorce. He went to the home of his wife's parents, where she was living, and asked her to take a walk with him and see if they could not fix things up. As they passed through an adjacent woodland they quarreled and DeWitt deliberately strangled his wife to death, crushed her skull with a club and dragged the body to a ravine, where it was found about 10 days later by a searching party.

DeWitt was a member of this searching party and his actions upon approaching the place where the body lay caused him to be suspected. The guilty wretch trembled convulsively and claimed to be having a chill. He was arrested and placed in jail, but was hurried away to Catlettsburg to avoid a mob which had formed to lynch him. DeWitt afterward confessed that a man named Wirt Rose had killed Mrs. DeWitt upon payment of a \$5 bill. Rose proved a complete alibi and later, at his own trial, DeWitt made another confession admitting his guilt. He seemed anxious to expiate his terrible crime, thanked the judge when, after the jury's verdict of death, he was sentenced, and seemed altogether pleased.

Of late, however, he had ceased to regard his approaching fate with manifestations of delight and earnestly hoped for executive clemency. The execution has been a topic for several days in this part of the state and it is the general opinion that DeWitt suffered a fate he richly merited. DeWitt made a full confession of his crime, the paper being attested by three witnesses.

PERILS OF MINERS.

Eight Men Entombed but Are Finally Rescued Alive.

IRONWOOD, Mich., May 22.—While Ed Opie, Paul Nicholas, Peter Moran, Ed Van, Gus Beckman, John Hillman, John Collins and Peter Gurar, all miners, were at work 300 feet from the surface of the third level of No. 7 shaft of the Ashland mine, in this city, at 5 o'clock yesterday morning, a body of ore fell, entombing the men.

Captain Williams, who was in the vicinity at the time, communicated with some of the men and hurried for assistance.

In his absence another great body of ore fell, making it impossible to reach or talk with the men. Signals were heard and a great body of miners went to work to rescue the imprisoned men. The rescuing party which dug through from the Norrie mine reached the men shortly before noon. All of the men were alive and little worse for their terrible experience.

Their escape is considered one of the most miraculous that ever occurred in the mining region.

Judge Snodgrass Acquitted.

CHATTANOOGA, May 22.—Chief Justice David L. Snodgrass was yesterday acquitted of the charge of assault with a pistol with intent to kill John R. Beasley. The affray took place in The Times building Dec. 25, 1895. Beasley was wounded in the left arm. The jury voted for acquittal on the first ballot. There was no applause when Foreman Hixon announced the verdict, but Justice Snodgrass' friends crowded around him to congratulate him. The defendant sat for 15 minutes, listening to further proceedings of the court, and then quietly withdrew. The charge against him of carrying a revolver was continued till next term.

Wife and Child Missing.

COLUMBUS, O., May 22.—F. M. Gilmore, a farmer living west of the city, has asked the aid of the police to recover his wife and child, who are missing, and who are thought by him to have been stolen by a band of gypsies who camped on his farm several days and then left. She is 36 and the child is 2 years of age. The gypsies intended to go to Lancaster to attend a horse sale there, and then go through to the south.

WARSAW, Ind., May 22.—Alfred Hamlin 28 years old, a laboring man of this city has disappeared. He had just drawn a month's pay and found play is feared. Hamlin's brother (Edward) disappeared in the same manner in 1889, and has not since been heard of.

PRESBYTERIANS' DAY

Meeting of the General Assembly by Both North and South.

A NEW MODERATOR ELECTED.

John W. Winthrop of Chicago Elected on the First Ballot—Program Arranged for the Future Sessions—The Presbyterians South Meet in Their Thirty-Sixth General Assembly.

SARATOGA, May 22.—The 180th general assembly of the Presbyterian church in the United States of America opened its sessions here yesterday in the First Presbyterian church, with the usual sermon from the retiring moderator. Nearly 700 commissioners, half ministers and half elders, occupied seats on the floor of the auditorium and as many more ladies and visitors were crowded upon the floor of the auditorium.

Upon the platform were seated those who were to assist the moderator, Rev. Dr. Robert Russell Booth of New York, in the services, and in the rear of the pulpit was the choir, greatly augmented from the local choirs for this occasion.

The service, according to the book of discipline of the Presbyterian church, began promptly at 11 o'clock. Dr. Booth's sermon occupied more than an hour in the delivery.

The first important business transacted was the election of a moderator. Dr. Francis C. Monfort of Cincinnati, editor of The Herald and Presbyter was nominated by Dr. Thomas H. Clelland of Duluth and was seconded by Colonel Alexander Ketcham of New York. The name of Dr. David R. Breed of Pittsburgh was presented by Rev. William H. Hubbard of Atlanta, N. Y., and seconded by Hon. S. J. R. McMillan of St. Paul. Dr. John R. Davies of New York made a strong speech in the interest of John L. Winthrop of Chicago and was seconded by Dr. William P. Kane of Bloomington, Ind., and Dr. V. D. Reed of Philadelphia. The result of the ballot was Winthrop, 315; Breed, 163, and Monfort, 84. The election was then made unanimous.

The newly elected moderator was conducted to the platform and inducted into office by the retiring moderator, Dr. Booth. Dr. Winthrop expressed a high appreciation of the honor conferred upon him and expressed his determination to use his best endeavors as a servant of the assembly.

Dr. William Durant, chairman of the committee of arrangements, presented to the moderator a gavel which had been provided by the local association of the Daughters of the Revolution. It is of wood which grew on the field where Burgoyne surrendered, and was made by a coxswain of Admiral Farragut.

After a resolution, which fixed the hours of the daily sessions from 9 o'clock until 12:30 and from 2:30 p. m. until 5 p. m., the assembly adjourned until evening, when the sacrament of the Lord's supper was celebrated. Dr. Booth presided and was assisted by Drs. Breed and Clelland and by elders selected from the various synods.

Dr. Winthrop, the new moderator, instituted a new departure at once. One of the most arduous duties of a newly elected moderator is in the appointment of numerous committees, upon one of which every commissioner finds a place. It has been customary to ask the advice of the clerks and of a few prominent commissioners. At the close of the afternoon session Dr. Winthrop called for a meeting of two representatives from each presbytery with whom he might advise in the matter and the result of the experiment is awaited with interest.

Some interest was aroused by the publication of a dispatch from Mr. Kingsley, treasurer of the Union seminary, stating that Professor Henry P. Smith, who was suspended by the general assembly of 1894, is to deliver a course of lectures at the seminary during the next year. A false report also was spread that he was engaged to take the place of Dr. Briggs in the seminary during the year's leave of absence recently granted to him by the board of directors.

The committee on theological seminary and control, which has now been before three successive assemblies, was in session all night giving the last touches to the report which is to be made to this assembly.

The work of retouching is still incomplete, and several more all-night sessions may be necessary to get the phraseology in the desired form.

PRESBYTERIANS SOUTH.

Thirty-Sixth General Assembly Meets at Memphis, Tenn.

MEMPHIS, May 22.—The 36th general assembly of the Presbyterian church, South, in the United States convened in the First church in this city yesterday. The opening sermon was delivered by the retiring moderator, the Rev. Charles R. Hemphill, pastor of the Second Presbyterian church of Louisville, Ky., and professor of homiletics in the Louisville theological seminary.

The moderator made the announcement of the death of T. C. Blake, the stated clerk, which occurred in Nashville last February. Dr. J. M. Holbert of Lebanon, Tenn., who appointed to the vacancy, reported the collection of a contingent tax of \$3,148—\$2,500 paid the board of education and \$1,500 of assembly funds in bank, with all debts paid. This is the best showing ever made.

Rev. J. N. Craig, secretary of the committee for home missions, then read his report. It was also referred to a committee to be appointed.

Dr. Hagen, secretary of the committee

on publication, next presented an abstract of the report of his committee, which was also referred.

The assembly then adjourned for the day.

SENTENCES OF THE REFORMERS.

Fifteen Years the Highest—Many Will Be Released.

LONDON, May 22.—A dispatch from Pretoria, Transvaal republic, says: The sentences of the leaders of the Johannesburg reformers, it was announced, will stand over until next week, and, in the meanwhile, sentences of 15 years' imprisonment have been substituted for the sentence of death imposed upon Colonel Rhodes, John Hays Hammond, Lionel Phillips and George Farrar. Nine others of the prisoners are discharged, 18 are sentenced to five months' imprisonment and 22 are sentenced to three months' imprisonment.

A dispatch has been received from Governor Sir Hercules Robinson relative to the sentences which says that one portion of the prisoners will be released immediately and another portion in three months. A third portion of the prisoners will have their cases considered and passed upon after five months and a fourth portion after one year. Governor Robinson says that the death sentences imposed on the four leaders—Rhodes, Hammond, Phillips and Farrar—have been commuted to 15 years' imprisonment, adding, however, that the latter is only a matter of form, and that the sentence is not likely to be carried out. The further commutation of the leaders' sentences will be discussed next week. Governor Robinson adds that the fines in the case of the other prisoners will remain, but the sentences of banishment will be suspended if the prisoners give their word of honor not to interfere in future in the politics of the Transvaal.

CYCLONE IN OKLAHOMA.

A Number of Persons Killed and a Great Amount of Property Destroyed.

GUTHRIE, O. T., May 22.—A disastrous cyclone and waterspout passed over this section last night, causing great damage.

At Edmund 20 houses were demolished, and two persons, Harvey Rich and his daughter, were killed.

At White Eagle, 30 miles north, three cyclones formed within the space of one hour and swept toward the Osage country. Twelve houses were demolished and 40 or 50 head of stock were killed.

At Black Bear, John Rogers and wife were killed by falling timbers, while a farmer named White was killed and all the members of his family injured by their house being blown down on them.

At Cushing, Harris McIntyre and daughter Julia, Jennie Wilmer, Peter Davis and son, Frank Davis were killed.

The storm came up from the south and traveled north, while it collided with another storm coming from the west. It is reported that \$75,000 damage was done to property and stock in the Osage country. Several lives are reported lost, but the particulars are hard to obtain at this hour.

Eight cyclones have occurred within a radius of 50 miles in this section within five days. The city of Guthrie has always escaped the fury of the storms, owing to its location. Relief will be sent to sufferers in Payne county.

THE JEDDAH INDEMNITIES.

Turkey Hands Over Checks For \$150,000 in All.

CONSTANTINOPLE, May 22.—The British, French and Russian embassies here have each received checks for £10,000 as indemnity for the outrages in Jeddah in May last, when the British consul and vice consul, the Russian acting consul and the French consular secretary were attacked and shot by Bedouins outside the town.

The British consul, Mr. W. S. Richardson, was badly wounded; Mr. J. Brandt, the Russian consul, had his jaw broken and his nose shot away and M. D'Orville, the French consular secretary, was severely wounded. The British vice consul died 10 minutes after being shot and while he lay on the ground the Bedouins continued to fire upon him and stabbed him with knives.

HARRY LEWIS BRYANT DEAD.

He Was a Cousin of the Poet and a Friend of Lincoln and Douglass.

LOS ANGELES, May 22.—Harry Lewis Bryant, a prominent resident of this city, is dead. Mr. Bryant was born in Covington, Mass., in 1816. In 1835 he emigrated to Macomb, Ky., and commenced the practice of law. He occupied many important positions of trust, both public and private, in Illinois and Kentucky, until 1886, when he moved to Los Angeles.

Mr. Bryant was an intimate friend of President Lincoln and Stephen A. Douglass. He stumped the state with them and they made their headquarters at his house in Fulton county. He was a cousin of William Callen Bryant, being born in the same house and on the same day as the poet.

An Old Soldier Robbed.

WAKARUSA, Ind., May 22.—Thomas Miller, an old soldier, was waylaid and robbed of \$30 while on his way home last night. He had been to Elkhart and cashed a pension check and was found in an unconscious condition. His recovery is doubtful.

What Will It Amount To?

JACKSONVILLE, Ills., May 22.—Yesterday the grand jury returned indictments against the heads of Illinois colleges and the Catholic and parochial schools for not having flags on their school buildings.

BEGINNING TO END.

Methodist Conference Preparing to adjourn.

CURTAILING FUTURE BUSINESS.

No More Resolutions Are to Be Presented. The New Bishops to Be Consecrated Next Tuesday—Rev. Dr. Morris Bids the Members Goodby—Doings of the M. E. General Conference.

CLEVELAND, May 22.—Bishop Merrill presided at yesterday's session of the M. E. general conference. The beginning of the end is at hand, and a motion was adopted ordering that no more memorials or resolutions be sent to the committees.

The two new bishops will be consecrated next Tuesday in Central armory. Governor Bushnell visited the conference and was given an ovation when Bishop Merrill introduced him.

Rev. Dr. Morris, fraternal delegate from the church South, bid the conference goodby in a 15-minute speech. He said that the two great churches should be united.

The table which has been used by the conference of the industrial school at Venice was auctioned off for the benefit of the Venice school. John E. Andrus paid \$500 for the table.

A. J. Kynnet and W. A. Spencer were elected secretaries of the board of church extension on the first ballot. Rev. Dr. W. T. Smith of Des Moines was elected general secretary of the missionary society on the sixth ballot.

The report of the committee on Episcopal residence was read by Dr. Enekeley. Boston and New York were made Episcopal residences. Then Cleveland was passed by.

It was moved to substitute Cleveland for one of the other residences. The substitute was tabled by a vote of 216 to 132.

EXPLOSION OF NATURAL GAS.

One Person Killed and a Number of Others Badly Injured.

The killed are: David Carter, killed by falling walls.

Those fatally injured are: Matt Atkinson, colored.

Eliza Parsely, colored.

Those more or less seriously injured are:

Dot Irving, Maud Young, A. S. Maxwell, Mrs. P. K. Smith, Mrs. Morris, Kate Morris, daughter of above; Leon Ensom, John Wilson, Joe Short, William Kline, William Stuckey.

WRECK ON LAKE ERIE.

The Schooner Breton Caught in a Storm and Badly Disabled.

SANDUSKY, O., May 22.—The first wreck of the season on Lake Erie occurred off this port near Pelee island Wednesday. The schooner Breton, bound for Cleveland, was caught in a gale and lost her rudder. For a full day she was at the mercy of the wind and waves, and the crew gave up all hopes of being rescued.

The bulwarks of the vessel were torn away and the decks split open, waterlogging the boat. She was finally driven into the lee of the island and the crew were taken off by the lifesaving crew of the island.

The Breton was towed into this port last night and put on the docks.

IT WAS MURDER.

Supposed Accidental Death Turns Out to Be More Serious.

ELME, Pa., May 22.—The supposed accidental death of Matthew Welch, a Nickel Plate brakeman, Comeau, O., turns out to have been a murder. Welch was found at the bottom of the river bed under the 100-foot bridge, and was supposed to have fallen off.

It is now certain that he was not on duty, but having received his pay that day, was robbed and thrown off the bridge, or had his skull crushed by the train robbers who have been operating between Erie and Ashtabula. His cries for help were heard by persons living near the scene. When his dead body was reached his money and watch were gone.

Cigarette Boycotted.

SHELBYVILLE, Ind., May 22.—The city council has determined on making war on the dealers and smokers of cigarettes, there being much complaint because the streets literally swarm at night with boys, ranging from 8 to 15 years old, who are inveterate smokers. Last night an ordinance was accepted, prohibiting the sale of cigarettes to minors, and also prohibiting minors from smoking cigarettes in any public place, and as soon as it can be put in force it will be enforced to the letter.

INDICATIONS.

Generally fair weather during the day, but conditions are favorable light local showers; light to fresh west winds.

The Republican Council at Frankfort goes the limit in levying taxes and then announces that the rate, \$1.45 on \$100, will not give them enough revenue.

The proposed Southern Exposition in Chicago has been abandoned. The South woke up to the fact that the "exposition" was simply a Chicago scheme to draw trade. And then why should the South go way up to Chicago to give a show of that kind? Queer that anything of the kind should ever have been thought of by the people of the Southern States.

RED HOT RESOLUTIONS.

A. P. A.'s Charge McKinley With Double Dealing—The Order Badly Split Up.

WASHINGTON, May 18.—A condemnation meeting of some of the delegates of the American Protective Association claiming to represent twenty States, was held after the adjournment of the convention, and a preamble and resolutions bearing on the McKinley matter were adopted. The names of the States represented and the delegates participating could not be obtained, and further information was denied. The preamble and resolutions adopted follow:

Whereas, The Supreme Council of the A. P. A. of the United States, at its session Saturday evening, by an unanimous vote adopted the report of the National Advisory Board, which report endorsed the report of the Executive Committee of said board, and in plain language said that the Executive Committee was justified in publishing the political affiliation of McKinley with the Roman hierarchy, which affiliation is proved by the affidavits of reputable members of the order, and which affidavits have never been controverted except by the sworn statement of Major McKinley himself, and

Whereas, Major McKinley did, on May 11, 1896, to a Committee of the National Advisory Board, in the city of Canton, Ohio, state that he heartily approved the principles of the A. P. A. and on the following day gave an interview to the press denying that he had met such a committee, thus giving the lie to the report of the committee, which was composed of honorable and truthful gentlemen, and

Whereas, The members of the Supreme Council have during its session been hounded and badgered by a large McKinley lobby, composed of members and non members of the order, that has used the most disreputable black-mailing methods to discredit the Advisory Board, and to turn the Supreme Council into a McKinley rationing meeting, and having signally failed to clear McKinley of the consequences of his pre-papal political record to-day, after two-thirds of the delegates had started for home, attempted to take revenge by abolishing the National Advisory Board and accomplished the same by a vote of 30 to 23.

Resolved, That the delegates, in condemnation meeting assembled, denounce the unwarranted interference of the paid McKinley lobby with the affairs of the order, and denounce the cowardly denial by McKinley of his endorsement of the principles of the order given by him to our committee.

The Time for Building

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's. Regular size 50c. and \$1.

WANTS ALL OF 'EM.

Gov. Bradley Won't Let Any Offices Get Away From Him If He Can Prevent It.

A dispatch from Frankfort says it seems to be settled that Governor Bradley will make a fight to keep Miss Emma Guy, the Democratic State Librarian elected last winter by the Legislature, from qualifying, and will endeavor to give the office to a Republican.

The statute says that a Librarian must be elected in January every two years, but fixes no day upon which the election shall take place.

The Legislature failed to elect or fix a day for a ballot in January, but afterward, in February, a ballot was taken and Miss Guy elected by the two Populists voting for her.

It has not been determined how the fight against Miss Guy will come up, but it is intimated that the Governor will refuse to approve her bond, then declare the office vacant and appoint a Republican. There is some talk of submitting an agreed case to the courts. The term of Mrs. Day, the present incumbent, expires June 1st.

The Republican Council at Frankfort has fixed the city levy at \$1.45 on the \$100.

The People's Building Association opened the sixth series of stock with 414 shares.

There is no improvement in Squire J. H. Wright's condition. He continues critically ill.

SHERIFF PLUMMER, of Newport, and Detectives Crim and McDermott, of Cincinnati, were passengers on the C. and O.'s No. 1 this morning en route homo from Grayson where they saw DeWitt, the wife murderer, hung, Thursday.

The Melbourne Carriage Company, at Melbourne, on the C. and O., has been reorganized as the Breed Carriage Co., and they propose to run the largest manufacturing plant south of the Ohio river. They have ample capital behind the enterprise. Mr. William Shepard is employed at this factory.

EXCHANGE: "Students of deafness have learned that deaf people live longer on the average than those whose hearing is normal. That is because they cannot hear what other people say about them. False report buries many a sensitive person ahead of time. Happy is the man who has cast iron ears!"

A COLORED deckhand walked into Bodmer's restaurant at Ripley the other day, and called for a dinner, stating that he wasn't very hungry. He succeeded, however, says the Bee, in eating one dozen fried eggs, a roll, three slices of bread, a pie and some butter, washing the mess down with a large cup of coffee.

THE June Forum will contain an article by Dr. M. M. Mangasarian—a cultivated and highly educated Armenian—entitled "Armenia's Impending Doom: Our Duty." Dr. Mangasarian dispassionately reviews recent events in Armenia and makes an eloquent appeal to the Christian Powers—especially to the United States—to intervene and save his nation from extinction.

THE law providing for the performance of labor on the streets and public roads was re-enacted by the late Ohio Legislature, and is again in force. Every able bodied male person over in that State, between the ages of twenty-one and fifty-five years, is required to work two days, or pay \$2.50 to the street commissioner or supervisor. Ex-soldiers, pensioners and members of the National Guard and fire companies are exempt.

DOVER News: "The election for county officers is away off yet, but the people are searching out the available timber that seems most suitable for various offices. Deputy Sheriff Sam. Perrine, who has made such an excellent and efficient officer, will be a candidate for Sheriff on the Democratic ticket, and if he gets the nomination (and it will take a good one to down him) he will poll the old-time Democratic majority."

I. M. KELLY, of Clarksburg, W. Va., has invented a simple process of extracting sulphur from coal for coking and smelting purposes. At a recent test he took 33 bushels of coal and extracted 12 pounds of pure sulphur therefrom. He also extracted 20 pounds of pure sulphur from 66 bushels of coal. Thus a problem has been solved that has been the greatest drawback in the coke business, says a writer. It places all coal used for coking, no matter what the amount of sulphur, on an equal footing with the best of coal coke mined.

Sour

Stomach, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

"For over 12 years I suffered from sour

with severe pains across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

The things that people see are inside of them and not outside. No two people see the same thing exactly alike. One woman may look out at a beautiful landscape and see all the beauty and restfulness and grandness that there is in it. Another one will look out at the same scene and see nothing. The man who is perfectly well and vigorous enjoys life to the full. Dr. Hecce's Golden Medical Discovery makes people well. There isn't anything miraculous about it—it is the most natural thing in the world. It simply puts the digestive organs, the stomach, the liver, the bowels, in perfect order and thereby makes the blood pure and rich. All diseases live and thrive on impure blood. Keep a stream of pure, rich, red blood flowing into a diseased spot, and the disease will not stay. A man lives on rich, pure blood, and disease dies on it. Dr. Pierce's Golden Medical Discovery makes pure, rich blood. Send 21 cents in one-cent stamps World's Dispensary Medical Association, Buffalo, N. THE "GOOD TIME" LAW.

It's All Right, Says Judge Williams, and 200 Convicts Get Their Liberty.

County Judge Williams, of Franklin County, rendered a decision this week that will result in over 200 convicts being released from the Kentucky penitentiaries.

The question decided was as to whether the law passed in March, 1893, increasing the "good time" of convicts from five to seven days per month, applied to prisoners then serving, or only to prisoners who were incarcerated after the law went into effect.

M. M. Britton, sent up from Pulaski County for malicious cutting, put on the stripes eighteen days before the seven-day law became effective. He counted up and told the Warden he ought to have been released May 17th. The Warden told him he had seventy-five days more to serve, as he was only entitled to five days per month under the opinion of the Attorney General.

Britton sent for attorneys who instituted habeas corpus proceedings at once and knocked Attorney General Taylor out in a jiffy, as Judge Williams decided that Britton was entitled to seven days' "good time" per month, and that his time was now out. There can be no appeal from a decision in a habeas corpus case, hence the decision is final.

There are over 200 convicts in the prison who are entitled to release at once under this decision, as many of their terms would have been out some weeks ago had they been given credit for seven days instead of five.

Warden Nell was anxious to have the law construed as it was, and will release all those entitled to it without further proceedings.

A TELEGRAM FROM MAYSVILLE.

Cuts a Figure in a Big Find at Cincinnati This Week.

[Enquirer, May 21.]

Chief Deitch yesterday received a telegram from Maysville, Ky., asking him to see Powell Stringfield, who lives in the Norfolk Flats, at Eighth and Elm streets, and ask him about Arthur Ingram and Wm. Case having \$150 in money and papers valued at \$2,000 in their possession.

Detective Moses found the person indicated, who proved to be a boy. He said that last Monday he and Ingram were fishing with a net at the foot of Race street, and when they pulled up the net they found in it a pocketbook that had just flowed out of a sewer near by. On it was stamped "Captain's Mate." They opened it and found that it contained some money and a lot of papers.

Just as they picked it up a man took it away from them, but later gave them \$55 between them. After the find and getting the money Ingram went away, but where Case comes in Stringfield did not know. Stringfield's father turned over \$20 to Chief Deitch. The money is in such condition that it bears out the story told by the boys. It is thought that the book belongs to some one connected with the Captain's Mate Company, which appeared here during the season.

Lost Her Wheel.

The Cincinnati and Maysville packet Courier, on her up trip Thursday morning, lost her wheel about three miles below Maysville. One of the shafts and the cylinder timbers broke allowing the wheel to go to the bottom. The passengers were sent up in skiffs. The crew succeeded in locating the wheel last evening. It lies about 250 yards from the Kentucky shore. She will be taken to Cincinnati for repairs. It has not been learned yet what boat will take her run.

MRS. E. K. OWENS found a pocketbook on the train Saturday, which was dropped by one of two young ladies who got on at Ripley and off at Maysville, says the Dover News. She delivered the purse to the frightened girl soon after she got off the train.

THE Superintendent of Public Instruction has decided to make good the Kentucky school fund deficit for the present year out of future funds. This will obviate the necessity of curtailing the terms of the common schools, which was at one time seriously contemplated.

THE Dover News has called a meeting of the Democrats of that precinct for tomorrow night at the News' office "for the purpose of organizing to protect the constitutional money of the United States—the people's money—and the time-honored financial principles of the grand old Democratic party from its foundation to the present day of gold-bug domination."

THIS from the Flemingsburg Times-Democrat is to the point: "The part of wisdom on the part of the merchant is to let the people within the range of his probable trade know what he has for sale by a judicious advertisement in the local papers circulating in the territory from which he expects to draw trade." The Maysville merchant should try the BULLETIN.

It May Do As Much For You.

MR. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

AUGUSTA AGAIN EXCITED

Over Another Brutal Crime—Cephas Free Assaulted His Niece. He Escaped.

Excitement and indignation similar to that which accompanied the arrest and confession of Bob Laughlin were aroused Wednesday at Augusta when it became known that Cephus Free, a brother-in-law of Thomas Case, had assaulted the latter's twelve-year-old daughter.

The crime was committed while Mr. and Mrs. Case were away from home. Free was employed as a farm hand by Case.

When the child told her story to her parents on their return Mrs. Case confronted her brother, but he stoutly denied the accusation.

An examination by a physician, however, confirmed the girl's report, and Mr. Case swore out a warrant for Free's arrest.

The latter left at once, and officers are now looking for him. He escaped to Ohio. Citizens are active in the search, and promise summary punishment on Free if caught.

The crime was committed at the home of Case about two miles south of Augusta.

WILLIAM FITZGERALD.

A Stroke of Paralysis Causes the Death of One of Maysville's Well-Known Citizens.

MR. William Fitzgerald, one of Maysville's old citizens, died at his home on Limestone street at 10 o'clock last night at the age of seventy-six years. He was stricken with paralysis about six o'clock Thursday morning and sank rapidly until death came to his relief.

Mr. Fitzgerald was born in County Limerick, Ireland, and came to this city in 1847 where he had since resided. He engaged in business and by his thrift and energy accumulated a competency sufficient to enable him to retire from business several years ago.

He leaves two sons and two daughters, Captain E. W. Fitzgerald, of Covington, Mr. James Fitzgerald, of this city, Mrs. Dan Daly, of Canisteo, New York, and Miss Mollie Fitzgerald, who is a Sister of Providence at St. Mary's of the Woods, Vigo County, Indiana. His wife, a brother, Mr. John Fitzgerald, of Lexington, and two sisters, Mrs. Margaret Franklin of Cincinnati, and Mrs. Eliza Butler, of Covington, survive him.

The funeral will take place Saturday morning at 9 o'clock from St. Patrick's Church. Burial in the cemetery at Washington.

THE STORMS IN MISSOURI.

Much Damage to Property and Several Lives Lost.

St. Louis, May 22.—Reports of storms continue to come in from various sections of Missouri. At Elmo a tornado damaged property to the amount of \$50,000 and severely injured a number of people. Mrs. Easart was found dead after the storm. The Methodist and Congregational churches were totally wrecked and the fine Christian church badly injured. A number of houses were demolished and 20 others were submerged by water.

Reports received from towns in central Missouri show that the damage done by the storm was much greater than first estimated. Near Green Ridge, orchards, growing crops and timber were swept away. One woman was seriously injured. Several levees along the line of the Santa Fe have been broken down by the raging waters of the Chariton and incalculable damage done. Charles Miller was drowned near Belton.

Convicts Escape.

KNOXVILLE, May 22.—A half dozen convicts in Sevier county made a sensational escape yesterday. It was one of the boldest ever recorded in Tennessee. The plot was well laid and cleverly carried into execution. The prisoners were in charge of two guards. At a given signal the men made a sudden rush upon the guards and in the twinkling of an eye had seized and overpowered them. The guards were relieved of their revolvers, stripped of their clothing and then each was securely tied to a tree. The prisoners then made their escape.

Two Fatal Accidents.

NASHVILLE, May 22.—Two fatal accidents occurred at the Dwight cotton mills in Gadsden, Ala., yesterday. H. N. Nicholls of Boston, general manager of the mills, was caught under a dynamo that was being moved and horribly crushed. About the same time a young boy, name not given, fell three stories down a stairway and was killed. The Dwight mills belong to an eastern corporation, and Mr. Nicholls had charge of them.

Sawmill Boiler Lets Go.

ECKERTY, Ind., May 22.—Last evening the boiler in the Davidson Brothers' sawmill, near Marietta, exploded with terrific force. Eunice Davidson, 11 years old; Thomas Davidson, one of the proprietors, and Frank Bateman were fatally injured, six others were more or less injured. The boiler head was blown 200 feet away.

Gasoline Explosion and Fire.

MUNCIE, Ind., May 22.—A gasoline explosion in the Union dye works of this city yesterday set fire to the building, almost completely destroying it and causing several hundred dollars' loss, fully covered by insurance. Two valuable dogs were cremated and several persons narrowly escaped being injured.

Boiler Explosion.

Tipton, O., May 22.—The boiler in the tile factory of Mr. Mohr burst yesterday, killing Mr. Mohr and his 15-year-old son, Charles, instantly. The top of Mr. Mohr's head was blown completely off and his son was cut squarely in two. Several others were badly, but not fatally, injured.

Prof. W. R. Chandler is teaching a normal school at Blue Licks.

A traveling troupe much like Gypsies was here Wednesday night and gave a free concert in their large wagon. They had on exhibition a face simile of Jesse James, a wax figure, full size. They did very well, and gave some fine music.

Mr. and Mrs. C. P. Vawter attended services at old Eastfork Church Sunday.

About sun rise Tuesday morning a large red fox was seen chasing chickens about the barn of C. P. Vawter. Mr. Vawter got his gun and shot the fox, breaking its left leg, and soon had a pack of hounds on the trail which holed him in short order.

At the golden wedding and family re-union of the family of David Craig and wife of Sand Hill, there were eleven children and the two old folks, making thirteen. They had all seated at table except the oldest son Mr. John Craig, of Illinois, and as he was about to take a seat he noticed that there were twelve already at the table, and suddenly remembered that he had to take his medicine and failed to get back in time to make the 13th.

Our school closed Friday with a grand entertainment at night. The house was packed. The music was furnished by the Cobb Bros., of this place, together with James F. Hook of the firm of J. H. Hook & Bro., and was excellent, as was also all the literary exercises, which showed the excellent training the pupils had received. Charles Vawter received a handsomely framed photo of the school as a premium for excellence in reading; and a handsome book for excellence in spelling. Maudie Elliott and Maggie Otto each received a photo of the school for excellence in their classes.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

The Fruit season of 1896 is close at hand and I have perfected arrangements with some of the largest and most successful Fruit growers of the Ohio River hills to handle their entire crop of

Strawberries,
Raspberries,
Blackberries,
Peaches, Etc.

This fruit is grown on the elevated lands, principally in Lewis County, by growers of long experience, and will be much superior to any grown on the low or flat lands. It will be received by express and placed on the market here on the same day it is gathered, and will be furnished to dealers and consumers in first-class condition. Special prices always given to dealers, so as to enable them to sell at same prices I sell to consumers and make fair profits.

My Supply of Vegetables

will also be at all times full and of very best quality, and lowest prices.
